PROGRAMME

Graduation

October

2012

The University of Waikato

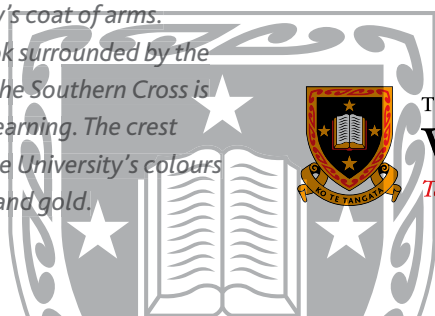

The Crest

The outside red border – a stylised fern frond or pitau – symbolises new birth, growth, vitality, strength and achievement. Inside the border is the University's coat of arms.

The open book surrounded by the four stars of the Southern Cross is a symbol of learning. The crest design is in the University's colours of black, red and gold.

Ko Te Tangata

The University's motto, Ko Te Tangata/ For the People, reflects our intrinsic belief that people are central to the institution and are its most valued resource.

THE UNIVERSITY OF
WAIKATO
Te Whare Wānanga o Waikato

Welcome

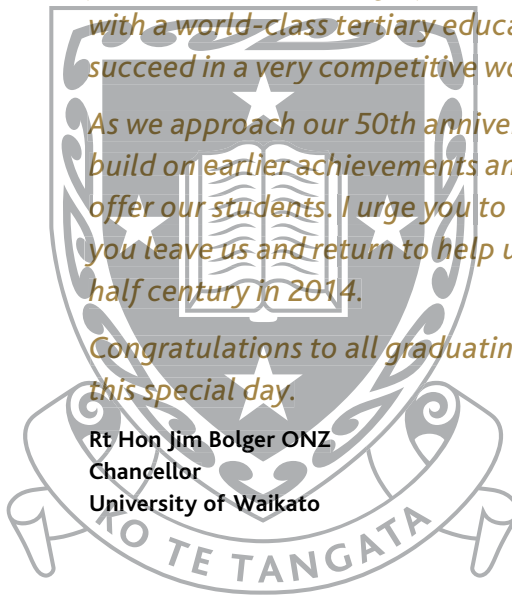

It is a pleasure to be part of the University of Waikato graduation ceremonies to acknowledge the hard work and success of our graduates, and see the pride in our whānau and friends.

As I travel throughout the country and around the world, it is always a delight to encounter Waikato graduates making a positive difference in their work places and communities. This reaffirms for me the fact that the University of Waikato provides students with a world-class tertiary education and the skills to succeed in a very competitive world.

As we approach our 50th anniversary, we continue to build on earlier achievements and enhance what we offer our students. I urge you to stay in touch once you leave us and return to help us celebrate our first half century in 2014.

Congratulations to all graduating students and enjoy this special day.

**Rt Hon Jim Bolger ONZ,
Chancellor
University of Waikato**

Welcome to the University of Waikato graduation.

It is always a privilege to host this special event where we acknowledge and celebrate our students' successes. It is also an occasion to thank family and friends for their support during your university years.

Graduation is a time when I feel especially proud of the University of Waikato. It reinforces what my job is all about – leading an institution focused on providing each and every student with a world-class tertiary education that is relevant for today and for the future.

University should be a challenge; it should test your thinking, build self-belief and provide you with unlimited ambition. I hope, once you leave us, you remember your university years as some of the best in your life and a time that prepared you for a fulfilling and exciting future.

**Professor Roy Crawford
Vice-Chancellor
University of Waikato**

Honorary Doctorates

An Honorary Doctorate is the most prestigious award that the University of Waikato can bestow. For their significant contribution to the University, the Waikato region and the wider New Zealand community, the University is pleased to award the following worthy recipients:

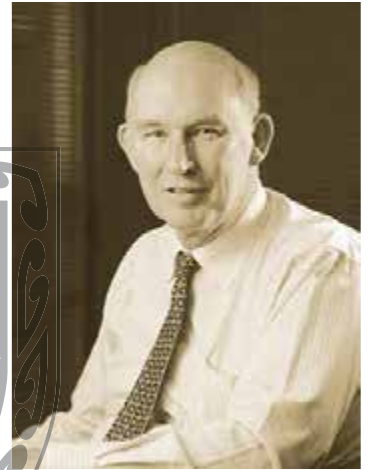

DR ROGER HILL

CONFERRED 17 OCTOBER

The founder and managing director of Hill Laboratories, Dr Roger Hill has been a key contributor to the development of a reputable analytical industry in New Zealand. After training as a chemist, Dr Hill and his wife Anne established a testing services company in 1984, initially operating out of a small laboratory in Hamilton East.

From these small beginnings, Hill Laboratories has grown to become the country's largest privately-owned commercial laboratory, providing quality assurance for New Zealand exports and contributing to the targeted and efficient use of fertilisers, with considerable flow-on environmental benefits.

Dr Hill is a Fellow of the New Zealand Institute of Chemistry, a member of the Royal Society of Chemistry and the New Zealand Institute of Agricultural Science.

MR CAMPBELL SMITH

CONFERRED 17 OCTOBER

Artist and teacher Campbell Smith helped shape Hamilton's current cultural identity.

He is a former director of the city's Art Gallery, and it is widely acknowledged that Mr Smith played a key role in the decision to push for the river-facing museum that Hamilton has today.

He is principally a wood engraver and print maker and his works capture the character of the country from farmers to gum-diggers, rugby, Māori culture and the arts. They are held in public and private collections including Te Papa.

Mr Smith is also a poet and playwright. He has written 24 plays, many featuring prominent New Zealanders, and he has won many awards for his writing.

In 2003 Mr Smith was recognised for his contribution to the arts when he was made a Member of the New Zealand Order of Merit.

VICE-CHANCELLOR

Professor Roy Crawford

BSc(Hons) PhD DSc Belfast FIMechE FREng FIPENZ

Professor Crawford is a Professor of Mechanical Engineering, whose primary research interest has been in the mechanical properties and processing behaviour of plastics. Previously Senior Pro Vice-Chancellor at Queen's University, Belfast, with special responsibility for Research and Development, he has on-going research and business interests in New Zealand associated with the establishment of a new polymer research centre. He has published seven books, more than 270 papers and has been a member of numerous government panels and research grant committees in the UK. He is a Fellow of the Royal Academy of Engineering.

DEPUTY VICE-CHANCELLOR

Professor Alister Jones

BSc Otago MSc PhD Waikato DipT MRSNZ

Professor Jones was appointed Deputy Vice-Chancellor in 2011. He is the former Dean of Education and was previously Research Professor and Director of the Wilf Malcolm Institute of Educational Research at the Faculty of Education. He has managed and directed research projects that have informed policy, curriculum and teacher development in New Zealand and internationally. His main areas of research are curriculum, teaching, learning and assessment, particularly in science and technology education. He has acted as an international consultant in curriculum and assessment and building educational research capability. In 2000, he was awarded the NZ Science and Technology Medal for his significant contribution to the development of technology education both nationally and internationally.

DEAN OF ARTS & SOCIAL SCIENCES (ACTING)

Dr David Lumsden

BA(Hons) London MA PhD Princeton

David Lumsden has been a member of staff at this university since 1979. He has previously held the positions of Chairperson of the Department of Philosophy and Religious Studies, Pro-Dean Graduate and Postgraduate, and Chairperson of the School of Social Sciences. He has published in the areas of the Philosophy of Language, particularly in relation to the theory of reference and pragmatics, and the Philosophy of Mind.

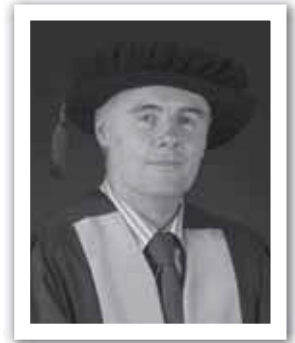

DEAN OF COMPUTING & MATHEMATICAL SCIENCES

Professor Geoff Holmes

BSc(Hons) PhD Southampton

Professor Holmes gained an Honours Degree and Doctorate in Mathematics from the University of Southampton in the UK. Following a research position in the engineering department at Cambridge University, he joined Waikato in 1987 as a lecturer in computer science, and rose up the academic ranks. He was appointed Dean of the Faculty of Computing & Mathematical Sciences in 2008. His major research interest is in machine learning, a topic that involves mathematics, statistics and computer science. He is best known nationally and internationally for his contributions to applied machine learning, deploying theoretical frameworks in practical situations. He is currently involved in collaborative research with local industry to provide automatic analysis of analytical testing procedures.

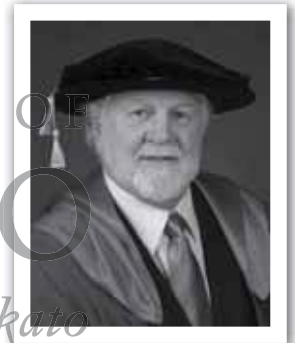

DEAN OF EDUCATION

Professor Roger Moltzen

Speaker Profiles

TUESDAY 16 OCTOBER – 9.30AM (TE KOHINGA MĀRAMA MARAE)

Keynote Speaker: *Jamie Tuuta*

Jamie Tuuta is of Ngati Mutunga and Taranaki Iwi descent. He graduated from the University of Waikato with a Bachelor of Science. Jamie is currently the CEO of the Māori Trustee, director of Aotearoa Fisheries Ltd and Te Ohu Kaimoana Trustee Ltd, and chairman of the Ngati Mutunga ki Wharekauri Asset Holding Company. He has held a range of governance positions in the health, iwi development, fishing, agribusiness and investment sectors. He was the former chairman of the Taranaki based Māori agribusiness organisation Parininihi ki Waitotara Incorporation. He is also a member of the Government's PEAK Group for Sustainable Land Management and the Investment Advisory Panel for the Primary Growth Partnership. Jamie is a member of the Institute of Directors and a recipient of the Sir Peter Blake Emerging Leadership Award.

Student Speaker: *Korohere Crossley Bishop Lloyd Ngāpō* Degree to be conferred – Doctor of Philosophy

WEDNESDAY 17 OCTOBER – 10AM (CLAUDELANDS EVENT CENTRE)

Keynote Speaker: *Mr Campbell Smith*

Mr Campbell Smith, MNZM, teacher, artist, poet and playwright, has served the Hamilton arts community for more than fifty years. Trained in New Zealand and in London, he taught art in local high schools, was a former director of the city's Art Gallery and found time to create his own works – mostly wood engravings. A book of Mr Smith's engravings called Lines of Light contains 110 New Zealand scenes celebrating Kiwi lifestyle, from farmers to gum-diggers, rugby, Māori culture and the arts. Mr Smith has written 24 plays and won awards for many of them. In 2010 Steele Roberts published his book of poems and wood engravings that tell the nativity story – set in the Coromandel, creating a unique and New Zealand slant on a well-known story.

Student Speaker: *Cheryl Anne Ware* Degree to be conferred – Master of Arts

WEDNESDAY 17 OCTOBER – 2PM (CLAUDELANDS EVENT CENTRE)

Keynote Speaker: *Dr Roger Hill*

Dr Roger Hill is the founder and managing director of Hill Laboratories, New Zealand's largest privately-owned commercial laboratory. Dr Hill initially trained as a chemist before establishing a small testing services company in 1984. Today, Hill Laboratories provides quality assurance for New Zealand exports and contributes to the targeted and efficient use of fertilisers. Dr Hill is a Fellow of the New Zealand Institute of Chemistry, and a member of the Royal Society of Chemistry and the New Zealand Institute of Agricultural Science. His links with the University go back over 30 years, and Hill Laboratories is a major employer of Waikato graduates.

Student Speaker: *Aleisha-Jane Moroney* Degree to be conferred – Bachelor of Management Studies (Honours)

Te Whare Wānanga o Waikato

A Brief History of the University

The University of Waikato had its genesis in 1956, when a small group of visionary individuals began working towards founding a university for the people of the South Auckland region.

A college, a sub-branch of Auckland University, was established in 1959 and in 1965, after opening its doors in 1964, the University of Waikato was officially opened by the then Governor-General, Sir Bernard Fergusson (later Lord Ballantrae).

From modest beginnings, on what was largely farmland and with a handful of temporary buildings and few staff, the University of Waikato now has a student population of more than 12,000, with more than 3,800 graduating each year. Today, the University employs about 2,000 academic and support staff, making a significant contribution to the local economy.

The University has built research quality to be ranked No.3 in New Zealand and has forged strong international links; 175 agreements have been signed with universities around the world.

THE CAMPUS

Our Hamilton campus, with grounds covering 63 hectares, continues to be a source of community pride. The grounds include sports fields, walkways, three lakes and extensive gardens. Maintenance of the beautiful grounds is a priority, along with developing the buildings to accommodate the University's growing needs.

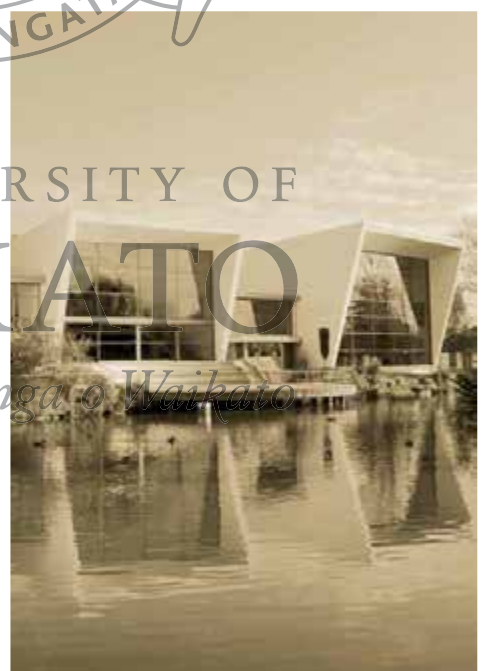

The Hamilton campus is also home to the Gallagher Academy of Performing Arts, a high-technology facility for the performance of drama, music, dance, and Māori kapa haka and other cultural performing arts. It is also a vital teaching facility for the University and a world-class performance venue, welcomed by Hamilton and the wider Waikato community who share it.

The University of Waikato has a campus at Tauranga and a strong relationship with the Bay of Plenty Polytechnic. Collaborative arrangements include the sharing of resources and services and joint provision of professional development and training opportunities for staff.

Our Vision

The overarching themes of our Vision are Excellence, Distinctiveness and International Connectedness; these drive the University of Waikato.

We see our distinctiveness in terms of three interdependent components; Sustainability, Māori and Leadership. Our real distinctiveness comes in their synergy in the context of our identity. We are a New Zealand university, aware of our relevance and responsibilities to the region, and compete on an international stage.

Our Commitment

The University of Waikato is committed to delivering a world-class education and research portfolio, providing a full and dynamic university experience which is distinctive in character, and pursuing strong international links to advance knowledge.

Through sustained research and the attraction of high levels of external funding from public sector and industry sources, we aim to maintain a highly competitive research profile. Our staff participate in a wide range of research consortia, clusters, and multi-institutional research teams locally, regionally, nationally and internationally. We are well-placed to contribute to the local and national economies by enhancing business capability in the region and increasing opportunities for the commercialisation of intellectual property.

We play an essential leadership role in the prosperity of the Waikato, defined also in terms of the tribal boundaries of the 16 iwi affiliated to Te Rōpu Manukura. We sit at the heart of a community of strong regional partnerships and take pride in serving the strengths and interests of our region.

We are committed to increasing the tertiary participation rate of our regional population overall as well as the proportions of new school leavers and postgraduate students. We are also committed to ensuring the ongoing relevance of the programmes we offer and the effectiveness of our delivery of them.

We foster a culture of internationalisation, measured through the diversity of our student and staff profiles, a long-standing pride in our reputation for the pastoral care of our international students, and the measures we take through curriculum, programme design and our global networks and connections to international influences.

From inception we have been at the forefront of initiatives that support Māori aspirations. Sir Bernard Fergusson placed Waikato as "the first of the New Zealand universities to be planted right in the heart of traditionally Māori country". Since our foundation, we have worked closely with local iwi, particularly Tainui, to make the University accessible to Māori students and to foster an environment of success. Today we are proud to have the highest proportion of Māori students of any New Zealand university.

We are also proud of our evolution into a truly New Zealand institution supporting our country's nation-building policies and reflecting our nation's identity.

Strength in Numbers

The University of Waikato showed its strength by being ranked number 1 in the following subjects in the Tertiary Education Commission's most recent Performance-Based Research Fund.

- Accounting and Finance
- Chemistry
- Communications, Journalism and Media Studies
- Computer Science, Information Technology, Information Sciences
- Ecology, Evolution and Behaviour
- Molecular, Cellular and Whole Organism Biology
- Music, Literary Arts and Other Arts
- Pure and Applied Mathematics

We are also ranked #1 in Education when University and College of Education scores are combined.

Waikato showed impressive numbers in its quality score for research over a wide range of subjects. We strengthened research performance in more than 85% of our subjects.

The numbers reflect the quality of our academic staff and firmly establish Waikato as a top research-led university. The numbers also show that students at Waikato are taught by staff at the leading edge of their disciplines.

Ceremonial Traditions

Elements of university graduation ceremonies have evolved from the 12th century when the first universities emerged in Europe.

The organisation of medieval universities was modelled on the established institutions of the day – the church, the monastery and the guild.

Latin was the language used by medieval scholars, and it is from Latin that the words 'university' and 'degree' are derived. The Latin term *universitas* means a guild or union, and universities started as a scholastic guild – a self-constituted community of teachers and scholars.

The word *graduate* comes from the Latin word *gradus*, which means step. Admission to study a bachelors degree was the first step taken towards completing a university education. The second step was to become a 'master'. Masters were Master of Arts graduates whose degrees licensed them to teach. The Chancellor, an officer of the cathedral, originally granted teaching licences.

CEREMONIAL ROBES AND ACADEMIC DRESS

In the Middle Ages the corporate existence of universities was recognised and sanctioned by civil or ecclesiastical authority. The regalia worn by graduates and university staff today reflect this mix of medieval governance. Robes worn by the Chancellor resemble those worn by the Lord Chancellor of England. Graduates and academic staff wear gowns similar to the dress of medieval clergy. Hoods are also fashioned on an everyday medieval garment, although the coloured lining was a later addition to indicate the wearer's university and degree.
